Walker Files Answer In Pamphlet Ban Suit

Postmaster General Walker, in an answer filed in District Court, yesterday asked dismissal of a suit filed against him last August to prevent him from continuing to ban a pamphlet, entitled "Preparing for Marriage," from the mails. The suit seeks a declaratory judgment and injunction against the Postmaster General.

The suit was filed last August by Paul Popenoe, described as author of the pamphlet, and by the American Institute of Family Relations, Los Angeles, Calif. The institute is described in the suit as a "nonprofit corporation organized under the laws of California, engaged in an active and continuous educational program to promote successful family life in the United States."

The suit claims the pamphlet "contains a scientific, unemotional, constructive and wholesome presentation of information for persons preparing for marriage," and that "it is widely popular with clergymen, educators and parents." The pamphlet, the suit said, was declared nonmailable in October, 1942.

Wender to Head Unit In War Loan Drive

Harry S. Wender, attorney and president of the Federation of Citizens' Associations, today was named to head the legal division in the District's campaign to raise its quota of \$95,000,000 in bonds during the Fourth War Loan campaign which opens officially on January 18.

Mr. Wender long has been active in civic affairs and has served on a volunteer basis with a number of groups set up to promote the war effort.

Commenting on the campaign to raise \$95,000,000 of the \$95,000,000 total through bond purchases by individuals, Mr. Wender pointed to the necessity of whole-hearted support on the part of every resident in the District.

"If the War Bond campaign in the Nation's Capital is to be considered a complete success," he said, "the goal assigned for purchases by individuals must be met. To reach this goal, which is \$10,000,000 more than was sold to individuals during last September's Third War Loan, extra effort by every Washington citizen will be required."

"However, I am confident every

person in the District is ready to expend this extra effort in order to bring our boys back sooner by hastening the day of final victory. I am sure they realize a way to do this is to make their dollars fighting dollars by buying as many War Bonds as they possibly can."

His appointment to the Fourth War Loan drive post was announced by Dr. W. Calhoun Stirling, chairman of the District War Finance Committee's Professional Division.

Mlle. Darrieux Reported Doomed for Nazi Aid

By the Associated Press. BERN, Jan. 7.—The newspaper Bir Hakeim, which identifies itself as a clandestine French publication, said in a recent issue that the French motion picture actress Danielle Darrieux was among those "condemned" as collaborators with the Germans.

Persons with good circumstantial evidence believe the paper, supposedly printed in France, is actually printed elsewhere. Its anonymous backers claim the support of Gen. Charles de Gaulle.

Three San Quentin Fugitives Captured

By the Associated Press.

MEMPHIS, Tenn., Jan. 7.—Three heavily-armed young gunmen, fugitives from San Quentin (Calif.) Prison, were captured here last night with \$5,000 in loot from a series of daring holdups in Texas, Louisiana and Mississippi.

Police Inspector M. A. Hinds said the men were seized in downtown Memphis by city police and a couple of volunteer marines after one of the bandits attempted to shoot an arresting officer.

Inspector Hinds identified the fugitives as Roy Drake, 20; Ralph

Ward, 23, and Lawrence Motari, 21. He said they escaped from San Quentin December 26.

The inspector said the gunmen confessed they robbed the Robert E. Lee Hotel and an auto storage company in Jackson, Miss., yesterday.

He added that the Federal Bureau of Investigation had identified the bandits' car as one stolen in San Antonio, Tex., and used to hold up the Western Union Office in Baton Rouge, La., and a Houston, Tex. hotel.

This car was abandoned in Jackson and two others were taken from

a garage. Jackson police said between \$5,000 and \$10,000 was taken in the holdup there.

Inspector Hinds asserted that more than \$5,000 was recovered from the men, most of it in bank sacks and containers.

The men when seized were armed with three pistols, a sawed-off shotgun and three blackjacks.

The marines who aided in the capture were Corpl. Lloyd M. Taplett of Sioux Falls, S. Dak., and Sergt. Frank Larrabee of Aurora, Ill.
